

FRAXEL RE:PAIR™

The Fraxel re:pair™ laser is the only fractional CO2 laser on the market that delivers the results of conventional bulk ablative lasers—without the prolonged downtime, risks or complications. This laser has the ability to firm skin and reduce fine lines, wrinkles and hyperpigmentation. We recommend 1-2 treatments.

First treatment includes post-treatment skincare products from PCA Skin (full-size Creamy Cleanser, Silkcoat Balm, Après Peel Soothing Balm and Hydrator Plus SPF 30).
