## PCA SKIN® PEELS

PCA Skin® remains the trusted industry leader in the development of gentle, yet highly effective professional treatments and daily care products. These treatments are scientifically formulated to gently stimulate, firm and tighten skin. Advanced ingredients are carefully blended to work together to remove dull, damaged surface layers without the downtime often associated with medical grade peels. The purpose of peels is not only to exfoliate but more importantly to increase the penetration and absorption of the active ingredients to target and treat troublesome skin conditions at the cellular level. Skin conditions addressed by peels include: Hyperpigmentation, sun damage, acne, chronic dryness, sensitive skin, rosacea and aging skin. The PCA Peel results are progressive, a minimum of 3 treatments is recommended for best results.

	1 Peel	10% discount PKG: 3 Peels	15% discount PKG: 6 Peels	20% discount PKG: 9 Peels
