

SUN DAMAGE PACKAGE

Laser therapy can remove years from your appearance without the risks, side effects or prolonged downtime of other procedures using a combination of Fraxel re:store™ DUAL wavelength laser and Intense Pulsed Light™ (IPL) treatments. These noninvasive treatments rejuvenate your skin from the inside out, erasing years of sun damage, sunspots, age spots, brown patches, blotchy skin color, redness, fine lines and wrinkles while refining pores and improving skin tone and texture. We recommend a total of 6 treatments—3 with Fraxel and 3 with IPL—for the best results. The treatments can be done on face, neck, chest, hands and forearms.

Packages include post-treatment skincare products from PCA Skin (full-size Creamy Cleanser, Silkcoat Balm, Après Peel Soothing Balm and Hydrator Plus SPF 30).
